

Lyrics by Joëtta Zoetelief

## **Narrative**

You need something I can never give  
I hide from love and love from me  
Late at night it ruins me  
I'm not sure of anything

Will it ever change  
What difference will it make

You need someone I will never be  
Wish I could love you like I used to  
When will I change this narrative  
I'm confined to what you want me to be

Will it ever change  
What difference will it make  
Will it ever change  
Tell me it will change

## **Here**

Here I am  
Here I'll stay  
Till I feel better  
I know it's not forever

Seasons change  
My mind sees the same

It hasn't been easy feeling lonely  
So many things I've been avoiding  
So relieved when I am on the mend  
Then you're back again

Here I am  
Here I'll stay  
Till I center  
Till I find

Seasons change  
My mind sees the same

It hasn't been easy feeling lonely  
So many things I've been avoiding  
So relieved when I am on the mend  
Then you're back again

It hasn't been easy feeling lonely  
So many things I've been avoiding  
So relieved when I am on the mend  
Then you're back again

Here I am  
Here I'll stay

## **Talk to me**

Talk to me  
Cause I don't see  
Look at me  
Cause I don't believe

All good things are wild and free  
All new things are wild and free

Talk to me  
What will we be?  
Look for me  
Tell me not to leave

All good things are wild and free  
All new things are wild and free

And when it's all said out loud  
Will we keep fighting, fighting?  
And when it's all said out loud  
Will we keep fighting, fighting?

Cause I don't know how to fight anymore  
And I don't know what to think anymore  
And when at night you lock the door  
I don't know what I'm doing it all for

All good things are wild and free  
All new things are wild and free

## **I Make Silence**

I make silence  
Turn silver into gold  
I make silence  
It takes me home

Listen to the ocean  
Feelings heard unspoken  
Moving in slow motion  
Being still in motion

I make silence  
Feeling safe  
I make silence  
Fill my own space

I make silence  
No words, just touch  
I make silence  
Here and now is enough

Listen to the ocean  
Feelings heard unspoken  
Moving in slow motion  
Being still in motion

Listen to the ocean  
Feelings heard unspoken  
Moving in slow motion  
Being still in motion
